SPEAKING TESTIMONIALS

" Dr. Shaakira is knowledgeable and informative in demystifying the daunting task of talking about sex and sexuality as a Muslim. She approaches her courses not only from an academic standpoint but also reaches her audience through personal experience and anecdotal narratives. She reminds us that the religion of Al Islam is a very sex-positive faith and that there is no need to be fearful of a topic that is very openly discussed in the Quran and in the Sunnah of the Prophet (SAWS). Her outreach should extend to Islamic School PTAs, Masjid programming, and school-aged health education."
-Allison, Baltimore, MD, USA

"Dr. Shaakira is so necessary for the Muslim community!!! She is such an engaging and relatable speaker! Participants stated they never felt so comfortable discussing sex and intimacy in a religious space. She exceeded our expectations!"
-Anonymous Event organizer, Houston, TX, USA
